Total War Deaths in History		367,490,214						100%	112,638,114

The U.S. Since 1776 has fought wars equal to one-third of all casualties in the known history of the world!

30.7%

World War II Alone claims 25% of all casualties from all wars in the known history of the world!

World War II was not only a 20th Century phenomenon; but was the most horrific man-made disaster in the history of the world.

World War II accounted for 80.8% of total U.S. war casualties of 91,021,920 and for 24.8% of all war casualties for all known wars in history.
